

Halloween

2nd Grade Party Plan

Note: Only supplies can be sent to school for parties. Please do not have parents send money to school.

Games:

- 1. Spider Races:** Kids race their spider across a desk or table to the finish line using only a straw! Cut the ring portion off of plastic spider rings and give each child their own milkshake straw. Kids blow the spider to the finish line using only the straw. The team who gets the most spiders to the finish line wins. **Use the eyeballs from the 2nd activity for another relay race. Have the kids blow the 'eyeballs' into a bucket at the end of the table. Whichever team has more 'eyeballs' in their bucket wins.
- 2. Halloween Spoon Eyeball Relay Race:** Each child has to race with an 'eyeball' (ping pong ball) in their spoon without dropping it. You can play again by having one child pass the 'eyeball' to another child without dropping it.

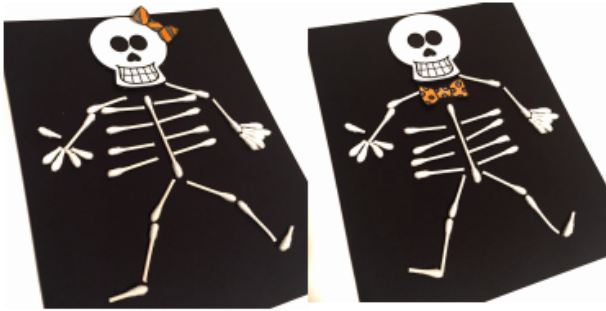

- 3. Balloon Ghost Stomp** - The kids try to pop long balloons that are blown up and dropped on the floor. Or to spice it up even more, you can tie strings to the end of each balloon and have the kids put it around their ankles.

Craft:

Q-Tip Skeleton – Items needed: black construction paper, Q-Tips (cut ahead of time into halves, quarters, and whole), skull copies [on pg. 3], scissors, and glue. *TIP: put all items that*

one child needs into a baggie ahead of time! This will save time and will ensure each child has enough Q-Tips.
